“...Residents are urged not to respond to unreliable information. Consult the CDC and NYSDOH websites for federal and state updates and the Wyoming County website for daily local updates. Call the NYS COVID-19 hotline at 888-364-3065 with general questions. Finally, our lives have certainly been interrupted by all these changes – things definitely look different than they did just a couple weeks ago. Someone said recently, it will be impossible to know if we over-reacted or did too much...but it will be quite apparent if we under-reacted or did too little. Thank you for doing your part...”
